

HONORING THE DEPUTY DIRECTOR  
OF THE JOINT IMPROVISED EX-  
PLOSIVE DEVICE DEFEAT ORGA-  
NIZATION, MAJOR GENERAL  
PATRICK HIGGINS

**HON. MICHAEL R. TURNER**

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, July 22, 2014*

Mr. TURNER. Mr. Speaker, I rise today to recognize Major General Patrick M. Higgins, Deputy Director of the Joint Improvised Explosive Device Defeat Organization, or JIEDDO, who will retire from the United States Army on September 1, 2014, after 34 years of distinguished service. In his final tour of duty, Major General Higgins led efforts to disrupt threat networks that support, supply and employ IEDs globally. Through his contributions, JIEDDO has made significant strides in reducing the effectiveness of the IEDs and eliminating the enemy networks that seek to use these devices to harm our troops.

Major General Higgins has commanded within the special operations community at the detachment, battalion and group levels, culminating in assignment as the Commander, Joint Forces Special Operations Component Command in Iraq. He has served in numerous special operations staff assignments and director-level positions within the Joint Staff.

Major General Higgins has earned numerous awards and decorations including the Defense Superior Service Medal, Legion of Merit, Bronze Star Medal with "V" device, Bronze Star Medal, Purple Heart, Meritorious Service Medal, Joint Service Commendation Medal, Army Commendation Medal, Army Achievement Medal, among others.

I am proud to share in the celebration of Major General Higgins' long and distinguished military career. I would also like to congratulate his wife, Susan, and his three daughters, Sarah, Emily and Jessica, whose love and support has aided and strengthened Major General Higgins throughout his career. I wish him all the best in his retirement.

HONORING THE FLORIDA STATE  
CHAPTER OF THE UNITED  
STATES AIR FORCE ASSOCIA-  
TION

**HON. LOIS FRANKEL**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, July 22, 2014*

Ms. FRANKEL of Florida. Mr. Speaker, I rise today to honor the Florida State Chapter of the U.S. Air Force Association (AFA) in celebration of its 50th anniversary.

On Saturday, July 26, the AFA will hold its annual state conference in West Palm Beach, Florida. It is a privilege to represent constituents who are so deeply committed to the education, advocacy, and support necessary to maintain America's dominance in aerospace that helps keep our Nation secure.

From issuing scholarships and supporting STEM programs in elementary schools, to restoring and preserving Air Force fighter aircrafts, Florida's AFA chapter has been a tremendous advocate in the South Florida community.

I am proud to recognize the Florida Chapter and the entire AFA community for their achievements in promoting aerospace power and enhancing aerospace and science education for South Florida's next generation of leaders.

TRIBUTE TO WILLIAM D.  
MAGWOOD IV

**HON. MICHAEL K. SIMPSON**

OF IDAHO

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, July 22, 2014*

Mr. SIMPSON. Mr. Speaker, I rise today to offer my thanks to a dedicated public servant who is moving on to another important assignment. Bill Magwood, currently a Commissioner on the Nuclear Regulatory Commission (NRC), will depart for Paris in September to serve as the Director General of the Organization for Economic Cooperation and Development's Nuclear Energy Agency. I want to wish Bill and his wife Janet all the best as they embark on this great adventure. I know Bill will do a wonderful job in this new position.

As a Member of Congress representing Idaho's second congressional district, I got to know Bill as the Director of the Department of Energy's Office of Nuclear Energy. In that capacity, Bill played an instrumental role in forming the Idaho National Laboratory (INL) as the nation's lead lab for nuclear energy and that designation has served the nation, the nuclear energy industry and the State of Idaho very well. Bill Magwood's vision for INL and creative institutions such as the Center for Advanced Energy Studies has exceeded all of our expectations and we owe Bill a debt of gratitude for his foresight and perseverance.

After leaving the Department of Energy and working in the private sector for a few years, Bill was asked by President Obama to return to government service and serve on the Nuclear Regulatory Commission. Bill accepted this challenge, but I do not believe he or anyone else had any idea of what was in store for him Under Bill's watch at the NRC, the Fukushima disaster hit Japan and the NRC was thrust into the spotlight to explain the situation to the American people. At the same time, the NRC was faced with serious internal challenges, which Bill met with courage and conviction, and for this he deserves our recognition and praise.

Bill Magwood has served his country with honor and distinction and I want to offer my praise as he moves on to his new international leadership role.

RECOGNIZING THE 100TH ANNIVER-  
SARY OF THE ASSEMBLIES OF  
GOD

**HON. BILLY LONG**

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, July 22, 2014*

Mr. LONG. Mr. Speaker, I rise today to recognize the 100th year of the General Council of the Assemblies of God.

The General Council of the Assemblies of God began in Hot Springs, Arkansas in 1914 with 300 people and has called Springfield,

Missouri its home since 1918, and we are proud to call them our neighbors in the 7th Congressional District. This broad coalition of ministers decided to work together to fulfill common goals by providing fellowship, establishing schools, and sending missionaries abroad. Since 1914, the Assemblies of God has grown to more than 67 million adherents in over 366,000 churches worldwide.

In these 100 years, Assemblies of God members have preached the gospel, prayed for the sick, witnessed miracles, published profound insights on the spiritual life, and established churches, schools, orphanages, and rescue missions. The Assemblies of God's dedication and loyalty to their members and employees has become a vital part of the Springfield community. Their outreach and sponsorship of higher education is a true testament of their fellowship and values. The General Council has formed close relationships to local businesses and universities, creating a network that values community, education, and friendship. It is an honor to recognize the General Council for their leadership and service.

I am confident the work of the General Council of the Assemblies of God will continue to make a positive impact in the area over the next 100 years.

A TRIBUTE TO RAY ALPERT—ON  
BEHALF OF THE COMMUNITY

**HON. ALAN S. LOWENTHAL**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, July 22, 2014*

Mr. LOWENTHAL. Mr. Speaker, our community lost a true friend and major benefactor on Wednesday, June 11, 2014 with the passing of Ray Alpert at the age of 87.

Ray and his wife, Barbara, were known throughout Long Beach for their generosity and passion for organizations that helped support the Jewish community. Over the decades, Ray and his wife Barbara donated millions of dollars to the Jewish Federation of Greater Long Beach and West Orange County and its partner agencies, the Alpert Jewish Community Center, Long Beach Hillel, Jewish Family and Children's Service and the Hebrew Academy of Huntington Beach.

From its inception, the Alpert Foundation has provided the Long Beach and Western Orange County Jewish Federation with its largest annual gift. In 1997, their lead donation to the Federation was instrumental in creating the 85,000 square foot Alpert Jewish Community Center, whose comprehensive programs and facilities now serve almost every segment of our community. "The Alpert Jewish Community Center is forever indebted to Ray and Barbara for their generosity and caring for the Center," said Jeffrey Rips, Executive Director.

Ray's longtime friend, Jewish Federation and Jewish Community Foundation Past President, and community leader in his own right, Eugene Lentzner, spoke lovingly of his 50 year association with Ray. "Ray achieved great success, yet he was the most unpretentious and unassuming person I ever know. (And you should also know that comment applies to his wife also)," said Gene. "He was most comfortable outside the limelight; yet he served on many boards, he had a lot to say
